

ADVOCATES DIVORCE AS MORAL NECESSITY

Baptist Pastor in Baltimore Sees
Marriage Based on Physical or
Financial Considerations.

Special Dispatch to The Star.
BALTIMORE, June 14.—Divorce as a moral necessity was advocated, under existing conditions, by the Rev. J. Emerson Hicks, in a sermon at First Baptist Church. His subject was "The Fatal Divorce."
"Jesus says that all true marriage is of God," Dr. Hicks said. "That God and not the preacher or the magistrate, really performs the ceremony of all those who are truly married. Marriage is a great social necessity, but it is based upon physical or financial considerations. Any marriage that is deliberately planned with purely practical ends in view is doomed to failure."
"You ask me do I believe in divorce? Under existing circumstances, it is a moral necessity. I could not preach this high ideal of marriage without saying that in many, many cases divorce is the only alternative. It is the only moral way out of immoral relationship. It is the only thing that will save from hypocrisy, which is the worst of all sins."

TO MARK BATTLEFIELDS.

War Secretary Appoints Board on
U. S. Fighting Grounds Abroad.

Secretary Weeks has appointed a board of Army officers to meet in this city and prepare a detailed plan for marking American battlefields in Europe and to supervise the execution of the plan after its approval by the Secretary of War. The detail for the board is: Col. John M. Palmer, infantry; George M. Hoffman, Corps of Engineers; and Oliver L. Spaulding, Jr., general staff; Maj. James A. Ulio, adjutant general's department; and Capt. Logan N. Block, judge advocate general's department. Maj. Ulio will act as recorder of the board.
The general idea of the War Department is that the European battlefields on which American troops operated in the world war shall be marked in much the same manner as the battlefields of the civil war in this country (like Gettysburg) have been marked, to show the movements of the opposing forces at important strategic points in the engagements.

COL. LEACH FAR AHEAD.

Rainbow Commander Winning
Contest for Mayor in Minneapolis.

MINNEAPOLIS, Minn., June 14.—Col. George F. Leach, commander of the 1st Pict. Artillery (Rainbow Division) in the world war early today maintained a lead of more than 6,000 votes over Thomas Van Lear, former socialist mayor, in yesterday's mayoralty election, according to available figures. Late returns from labor wards were expected to cut down his early lead somewhat, and Van Lear forces expressed confidence complete figures would place their candidate ahead.
Returns from 180 precincts out of 273 in the city early today gave Leach 58,319 and Van Lear 41,957, a lead of 6,422 for Leach.

STATES AID WAR PLAN.

General Co-Operation for Organization
of Reserves Promised.

General co-operation by the states is promised to the plans of the War Department for the organization of reserve forces for the national defense. In a recent letter to the state executives Secretary Weeks said that the next step toward consolidation of regulars, guardsmen and organized reserves into "one harmonious army" would be early organization of the reserves "to preserve as far as practicable a further portion of our military strength developed during the world war."
Organization of the reserves, the Secretary said, would be based upon the Cadres system, providing a skeletonized force, each unit of which is a portion of a great citizen army.
